

2021 Cabernet Merlot

Stylistic Notes

This red blend brings together fruit from all 3 of our vineyard sites. Each site comes with its own unique influence on this dark, inky Bordeaux-style blend. The wine is dominated by Cabernet Franc, creating more linear drinking experience, while the remainder of the body is mostly composed of Merlot. The Cabernet Sauvignon acts as a binder that links all the varieties together. These grapes were fermented separately, undergoing 3 pump-overs daily, before being transferred into a variety of American oak barrels to mature.
